

DEPARTMENT OF COMMERCE
BUREAU OF FISHERIES

noted
Kodiak, Alaska, August 25, 1917.

Commissioner of Fisheries,
Washington, D. C.

The list of fishery establishments in that part of Alaska which was designated as my district needs some revision as a great many of the individuals and partnerships operating in 1916 were not in business this year.

It is hardly necessary to mention the canneries, except the new ones, as the Bureau knows where they are and to whom they belong.

(This company also operated

adjacent to the Shumagin Islands.)

A. Komedal,

Unga, Alaska.

Pacific American Fisheries-

----- Kings Cove, Alaska.

HERRING.

Larsen & Olsen,
Chignik, Alaska.

Lake Bay, Alaska.
(These are the parties whose
pack in 1916 was reported by
the Pacific Fisherman in the
name of J. S. Osmund, and for
which the Bureau was unable to
get a report.)

There may be a few more herring packers to report later, but as yet they have not begun operations. It is also possible that one or two parties salted salmon on Resurrection Bay, but this is improbable in view of the fact that a cannery was built at Seward this year.

Respectfully,

Assistant
